

U19 Captain Responsibilities

Dear Captain,

Welcome to the 2021 U19 league!

By stepping up and becoming your team captain, you have now assumed responsibility over your team. What does that mean? In this letter you will find the answers to your questions.

1. As team captain, it is your job to make sure that everyone on your team hands in all their information. You will register your team, but it is up to them to send in all the required information and pay their membership fee. It is your job to make sure it gets done.
2. You are the point person for the league. Any and all information that we want to give the players will be sent through you, and any information the team has should be sent by you. We will not take requests from individual players, only team captains. Please relay this to your players – it is simply because we have over 100 players and we can't have a conversation with everyone about the logistics.
3. League fees: It is your job to make sure the team is paid in full. This includes each player's membership fee, 200 NIS per player.
Teams whose first payment is not fully paid by October 11th, will not be scheduled games. A player who does not pay his membership fee will not be allowed to play.
4. Medical tests are required by law. It is your job as team captain to collect all of these medical tests and hand them in to the office. Please hand in all medical tests together, not one at a time. They can also be sent as a pdf file of all the tests together. A player without a medical test will not be allowed to participate in games. For more info on medical tests, see below.
5. Up until 2018, players were also required to purchase personal injury insurance, but the law was changed in July 2018 and players are no longer required to purchase insurance. However, we strongly recommend each player purchases their own personal injury insurance independently.
6. Personal information: The player's details required to sign up include: Player's full name, T.Z. number, phone number, email address and an emergency contact name and phone number.
In addition a picture of the following needs to be sent in: Medical test confirmation form, passport picture and T.Z. picture (Players under the age of 16 need to send a picture of their details from their parent's נספח).
7. Team shirts. Each team chooses the logo that goes on the front of the jersey. It is your responsibility to get the graphic, color and sizes you want to Mordy (mordy@afi.co.il) by week two of the season.
8. League schedule: The game schedules will be released no later than a week prior to game day (Exception: first week of games may have a delay to allow more players and teams finish their sign up). "Bye" weeks and schedule changes should be requested at the beginning of the season, and no later than 2 weeks before the week requested.
9. Before every game, you are required to approach the league manager (Mordy) and sign your team's roster for our Game Forms. Please make sure to do so half an hour before your game. It is also your job to get flags and/or a ball for your team and return them at the end of your game.

10. At the end of every game, you are required to fill out the Game Report. Please add as many details of your game as possible, so we can write up an exciting article recapping your game for all to read!
11. It is your responsibility to make sure you and your teammates are aware of the league's code of conduct, Regulations for the prevention of Sexual Harassment and Promotion of Protection in Non-Olympic Sport, and the most updated rule book- all which can be found on the website.
12. Due to Covid19 restrictions, league regulations may change according to the guidelines and may request players showing up at specific time slots, no spectators or anything else. You must respect these changes. You may not show up with fever to the field or any other symptoms that indicate you may have Covid19.

Medical tests:

Medical tests can be done at Machon 1, located in the tennis center, across from gate 15 of Teddy Stadium (You may schedule at a Machon 1 in a different city). As of now, you need to schedule an appointment online. Make sure to write "אדם- פוטבול" in the details while signing up.

For more information and to schedule an appointment, please visit the site:
